

Minutes – ASQ 1216 Board meeting – Jan 20, 2009

Attendees: Byron Collins, Marv Seppanen, Scott Braaten, Denise Wermager, Jim Subart, Eric Derbyshire, Lynn Keller, Dan Rand

Spring Conference status, April 2

Three speakers are confirmed, including two for the extended workshops. Workshop presenters are Mike Micklewright and Dan Rand. Rand's session will be run through WSU Continuing Education, as WSU is a partner for the conference, providing facilities. The other confirmed speaker is Chris Parker. We are working on getting Dave Prins as well

February meeting-

The best possibilities are a tour in the La Crosse area, or a presentation at/about Gunderson by Jeff Rich.

Byron C. will ask the Hiawatha Section to announce our conference, and offer the same service to them.

The Section has two half-price passes for the World Quality Conference in Mpls available. Use of this pass requires that you attend the Saturday session for section leaders. (May 16, 18-20) Byron C. will distribute an announcement of a Webinar concerning the World Quality Conference.

The Treasurer (Denise W.) confirmed that required 1099 forms are done for the section.

A Section satisfaction survey has been e-mailed by headquarters- members are requested to respond.

26 were signed up to take certification exams with our Section in December. About 15 did take exams. We might consider if there is enough interest in getting some exam preparation courses together.

Respectfully submitted,  
Dan Rand – Secretary, ASQ Section 1216
